Which IBLCE Pathway is Right for Me?

Choose One of the Options Below: Complete clinical hours providing direct lactation and breastfeeding care or education.

**Option 1**
Are you currently providing or can you locate a clinical setting to provide breastfeeding and lactation care or education (paid or unpaid)?

- **YES**
  - IBLCE requires clinical hour experience. You will want to research ways in your community that you can earn these hours.

- **NO**
  - Is this care or education in an appropriate supervised setting (i.e. hospital, community clinic, primary care practitioner’s practice/office, birth centre, lactation care clinic/practice) OR currently listed on IBLCE’s Recognised Breastfeeding Support Organisation list?
    - **YES**
      - Clinical hours can only be counted in this way unless you are able to practice independently within your scope of practice within your profession
    - **NO**

**Option 2**
Are you interested in completing an academic program in lactation consulting?

- **YES**
  - Take a look at information on Pathway 1 and Pathway 3. Click here to learn more.

- **NO**
  - Pathway 2
  - Click here to learn more!

**Option 3**
Are you able to have an IBCLC mentor your breastfeeding and lactation care or education clinical hours in an appropriate supervised setting? *IBLCE must verify your plan before earning the clinical hours.

- **YES**
  - Take a look at information on Pathway 1 and Pathway 2. Click here to learn more.

- **NO**
