

Examination Day Notice

By taking the IBCLC examination, you agree to assume all of the risks including, without limitation, any and all damage, loss, claim, or expense of any kind, including related to the exposure to or infection by COVID-19, and agree to release IBLCE, its officers, directors, employees, volunteers, contractors, and agents from any and all liability, loss, damage, claim, or expense claimed by you or on your behalf, arising out of or in any way relating to your taking the IBCLC examination. You agree to release, discharge, indemnify, defend, and hold harmless IBLCE and its officers, directors, employees, volunteers, contractors, and agents, from any and all loss, damage, claim or expense arising out of or in any way relating to your taking the IBCLC examination.

*To ensure your safety and the safety of other test takers and test centre staff, you agree that you will not be allowed to take, and that you will not try to take, your scheduled IBCLC examination at a contracted test centre if: (i) you have exhibited symptoms of COVID-19 in the 5 days prior to your scheduled examination, (ii) you have been diagnosed with COVID-19 in the 5 days prior to your scheduled examination, (iii) you have had close personal contact with someone who has a confirmed COVID-19 diagnosis in the past 5 days, (iv) you have returned from travel from an area that would require mandatory quarantine based on local guidelines.**

Please note that due to local and regional mandates in some regions, a limited number of Prometric test centres will require candidates to present proof of vaccination in order to test. Candidates required to present vaccination documentation should bring forms provided to them by their healthcare provider at the time of vaccination.

IBLCE reserves the right to bar entrance at any contracted test centre to any individual who cannot or will not respond affirmatively to the four requirements above or who exhibits symptoms of COVID-19 or to any requirements listed by Prometric on its website through the IBCLC examination dates. IBLCE continues to require the wearing of masks by any IBCLC candidate regardless of local test centre policies and reserves the right to refuse entry to the examination by any candidate that refuses to comply with the mask requirement. You will be required to comply with any mandatory safety procedures, including but not limited to masking, social distancing, and/or presenting proof of vaccination as required by local regulations or

testing centre policies while taking the IBCLC examination, and IBLCE reserves the right to require the immediate removal of any individual who refuses to comply with any mandatory safety procedures. By taking your IBCLC examination, you acknowledge and agree that you are taking the examination at your own risk and that you expressly assume any risk with a full understanding of the contagious nature of COVID-19.

For those taking the examination by live remote proctoring (LRP) from a residence or other location, please note that successfully accessing the confidential IBCLC examination will depend on a strong and reliable internet connection and computer equipment meeting the specifications as defined by IBLCE's third-party testing vendor, Prometric. IBLCE and its testing vendor Prometric are making live remote proctoring available and have taken reasonable and diligent steps to deliver the examination. However, if your internet connection is subject to disruption at your location or your computer does not perform properly, this is outside of the control of IBLCE or Prometric and IBLCE policies will govern. IBLCE and Prometric will not be responsible for problems arising from your internet connection or computer and you agree to waive any claims and hold harmless IBLCE and Prometric with respect to any such issues.

To understand how IBLCE processes your personal data for purposes of the examination, please review our [Privacy Notice](#).

** If you are planning to travel to another state, province or country to take your examination, please be advised that you should check for any travel advisories issued by the appropriate governmental authorities before your travel begins. In some cases, regulations require mandatory self-imposed quarantine based on where you traveled from. It is the responsibility of each individual to comply with travel and quarantine restrictions applicable to them given their individual circumstances. Test centres reserve the right to turn away any candidate who is non-compliant with local regulations.*

By indicating agreement below, you agree that you have read, acknowledge, and agree to be bound by the IBLCE Examination Day Notice.
